Advisory Services

*Optimum Healthcare IT awarded 2018 Best in KLAS
for HIT Advisory Services*

*Optimum Healthcare IT named 2018 **Best in KLAS** for HIT Advisory Services.¹*

Optimum Healthcare IT recognizes that healthcare organizations have unique needs. Our **Best in KLAS** advisory services consultants partner with and advise health system leadership on the best way to approach their largest IT, infrastructure, budgetary, and change management challenges.

We start by listening!

We provide expert advice to our clients on designing strategic, financial, operational, and technological solutions to meet their desired goals, as well as managing regulatory risks to enhance their operations and the bottom line. Our team brings years of healthcare clinical, operational, and IT knowledge. We take the time to understand your organization, working collaboratively with your staff to customize solutions that are specific and targeted to your needs. Using our experience and expertise, we design project plans that turn your goals from vision to reality. Working with your staff, we refine the approach, the methodology, and define the resources needed to execute on time and budget.

“Optimum Healthcare IT brought additional strategic expertise that helped us make informed decisions. Their knowledge helped us mold our implementation approach to our culture and unique needs.”

— KLAS Review, December 2017

Sound advice from industry experts can lead to higher rates of physician adoption, fewer errors, and reduced regulatory and financial risks. The reality of the healthcare reimbursement model is that it's constantly changing, and new models are emerging. As a result, the financial pressures on your organization will continue to increase. Shrinking margins, managed care complexity, changing regulatory requirements, declining inpatient volumes, and increasing guarantor responsibility for healthcare costs are some of the challenges healthcare organizations are facing. It is imperative that the revenue cycle performs effectively and efficiently and that your clinical operations run efficiently, to avoid a financial stability crisis.

*It is our mission to deliver best practices and leading IT solutions for a **stronger healthcare community.***

¹ 2018 Best in KLAS: Software & Services Report

Optimum's consultants have many years of experience providing services in strategic advisory services that encompass:

Hospital systems around the country have invested millions of dollars in deploying EHR systems. Shockingly, however, statistics show that at least 60% of these facilities fail to meet the necessary federal requirements to show that they are using the system in a "meaningful way". We consider it one of our top priorities to make sure you have not wasted time and money on this investment. We work with you to make sure you are leveraging your technology to increase the safety and quality of care you provide to your patients throughout the continuum of care. Our priority is your priority; which is making sure you are realizing the full benefits and return on your investment.

OUR PHILOSOPHY
