*Optimum Healthcare IT awarded 2018 **Best in KLAS** for HIT Implementation Support and Staffing.¹*

Whether you are optimizing, upgrading, or moving to a completely different electronic health record (EHR) system, you are making a large financial investment for the care of your patients. You have organizational changes to contend with, staff to train, and meaningful use, compliance and regulatory standards to reach. If you don't implement your EHR correctly, the future care of your patients and the financial stability of your organization could be in jeopardy. Optimum Healthcare IT has the people, the expertise, and the experience to ensure that your EHR is implemented correctly and smoothly.

In healthcare, the EHR is the most important technology tool used to provide care to patients. If not configured correctly, both the quality of care and the financial stability of an organization can be at risk.

At Optimum Healthcare IT, we have the right solution for you whether you are a large multi-facility IDN, an academic medical center, a single hospital, or a physician network; we have the right solution for you. With so many options available for your organization, what differentiates Optimum Healthcare IT from the competition is our focus on your success. When you partner with Optimum, you know the team implementing your system has been carefully selected to provide the best fit for your organization. Every team member is a fully-trained, experienced professional who will work with you to understand the uniqueness of your organization to ensure success in your EHR implementation.

*It is our mission to deliver best practices and leading IT solutions for a **stronger healthcare community.***
