

BETTER SOLUTIONS. BETTER PATIENT CARE.

OPTIMUM HEALTHCARE IT COMMUNITY CONNECT

1.904.373.0831 | WWW.OPTIMUMHIT.COM

Community Connect, also referred to as Community Alignment, enables a larger healthcare system to extend their enterprise electronic health record (EHR) system to smaller organizations in the community – resulting in the practice or hospital having access to a more integrated and robust EHR. As the needs for patient engagement, care coordination, and interoperability grow, the need to extend the capabilities of your EHR to community hospitals, clinics, and physician practices benefit both the community and the patient.

Connecting your community is a strategic initiative requiring significant planning, commitment, and execution. Many Health Systems have recognized the benefits of this growth strategy, and more importantly, patients have benefited from more integrated clinical records.

It is more than an IT-project - it is an alignment with your community physicians and hospitals providing continuity of care for your patients.

Optimum Healthcare IT has a dedicated Community Community practice that leverages our knowledge, understanding, and experience with technology, methodologies, and tools to strategically align the goals and processes of our clients and extend them into the community. Our Community Connect team have sat in your seat and have experienced your anxiety about becoming a vendor. By sharing lessons learned and best practices, Optimum Healthcare IT will bring clarity for defining your program knowing value-based care will drive reimbursement.

The Optimum approach starts with our on-site workshop where we analyze your market and understand costs, develop a tailored offering to meet your strategy and assist in contract creation and implementation schedule. We will help you promote your Connect offering to the community, as well as fully implement once final design decisions have been made, and help you understand the requirements of the Stark Law exemptions.

Community Connect has helped with the development of many ACOs by providing one EHR platform allowing for easier data collection and metrics reporting. ACO waivers have allowed the Healthsystem to absorb more of the cost to the implement with ACO members.

It is our mission to deliver best practices and leading IT solutions for a **stronger healthcare community.**

COMMUNITY CONNECT

/// APPROACH AND METHODOLOGY

ON-SITE WORKSHOP
1-2 HOURS

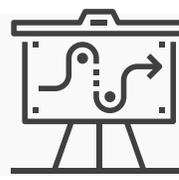

DISCOVERY

PHASE 1
1-2 WEEKS

ASSESSMENT

PHASE 2
3 MONTHS

**PROGRAM
DEVELOPMENT**

PHASE 3
10-12 WEEKS - AMBULATORY
9-12 MONTHS - INPATIENT

**PLANNING &
IMPLEMENTATION**

Community Connect is not just one-sided. Extending or receiving, understanding what is required as a partner should be evaluated. Optimum can guide you.

Next Step: Learn About Our Community Connect Workshop

The complimentary workshop offered by Optimum Healthcare IT is conducted by Kelli Mangino & Jon Staffon, VPs of the Community Connect Practice. The workshop includes, but is not limited to, strategy, governance, contracting & pricing, sales & marketing, technical & application build & design, team structure, training &, help desk. By meeting with an organization's CEO, CSO, CFO, CIO, directors, managers, & analysts, our experts will help your organization build a successful program for both inpatient and/or ambulatory settings. Our experts remain engaged during the implementation as advisors, managing the Community Connect team & interacting with the client throughout the project.

With a full service practice dedicated to Community Connect, Optimum has the experience and tools to guide you through the project and be successful.
